The 1979 Perannos Staff would like to dedicate the 1979 Yearbook to Mr. Mikolowski. Only through his help, guidance, and patience were we able to put together this book. This is his 6th year as head of the yearbook and he has put in a lot of hard work every time. We would like to thank him for all his assistance and wish him the best of luck with future yearbooks.

Returning from a super season last fall, it would be hard to do a better job this season. With great players like **Mark Chapleski** one of the best in the state and the rest of the team have seen that job done with ease. We will be losing some super seniors **Mark Chapleski, Bob McDonald, Scott Mitoraj, Joe Okoneski,** and **Doug Singleton.** But with the underclassmen returning, next year will be just as exciting. We are looking forward to a funfilled season just like this year. Thanks for a job well done.

Special Recognition to:
***Mark Chapleski** in setting many course records having the 3rd best score in the state. Also being in the first team All-Conference and a Regional medalist.
***Doug Singleton** — first team All-Conference
***Bob Lee** — 2nd team All-Conference and honorable mention in conference tc **Kurt Lang.**

YESTERDAY ONCE MORE

When I was young I'd listen to the radio,
Waitin' for my favorite songs.
When they played I'd sing along,
It made me smile.
Those were such happy times,
And not so long ago,
How I wondered where they'd gone.
But they're back again,
Just like a long-lost friend,
All those songs I loved so well . . .

THE MUSIC IS YOU

Music makes pictures and often tells stories
All of it magic and all of it true.
And all of the pictures and all of the stories
And all of the magic, the music is you.

TIME IN A BOTTLE

If I could save time in a bottle
The first thing that I'd like to do
Is to save every day till eternity passes away
Just to spend them with you.

If I could make days last forever
If words could make wishes come true
I'd save every day like a treasure and then,
Again I would spend them with you.

Mrs. Tomas — ECES

Miss Makowski

Mr. Kern

The Business Department teaches students how to survive in the business world. It offers classes in all areas, such as: Shorthand, Typing, Accounting and Business Law. Many of these classes have more than one level which enables interested students to become really familiar with their subjects. Over all it is a well rounded department and deserves a lot more attention than it gets. However, more students are taking business classes because, through the help of Mrs. Tomas and the ECES program, they are becoming aware of the vast job opportunities in this field.

CO-OP
Brother to Brother

Gino Vannelli

The Co-op department is responsible for getting students jobs which count as credit towards graduation. They review each student individually, so as to select a job that is somehow related to the classes they are taking and would also interest them. Students are fortunate to have this department to help them break away from school and enter the working world.

ART

More Than a Feeling

Boston

Mr. Wolfgang and Mr. Winkiel have the ability to bring out the creativeness in just about anyone. They teach the students to express themselves through art forms such as: drawing, painting, sculpturing, and photography. They also encourage students to display their work in the art room and art fairs.

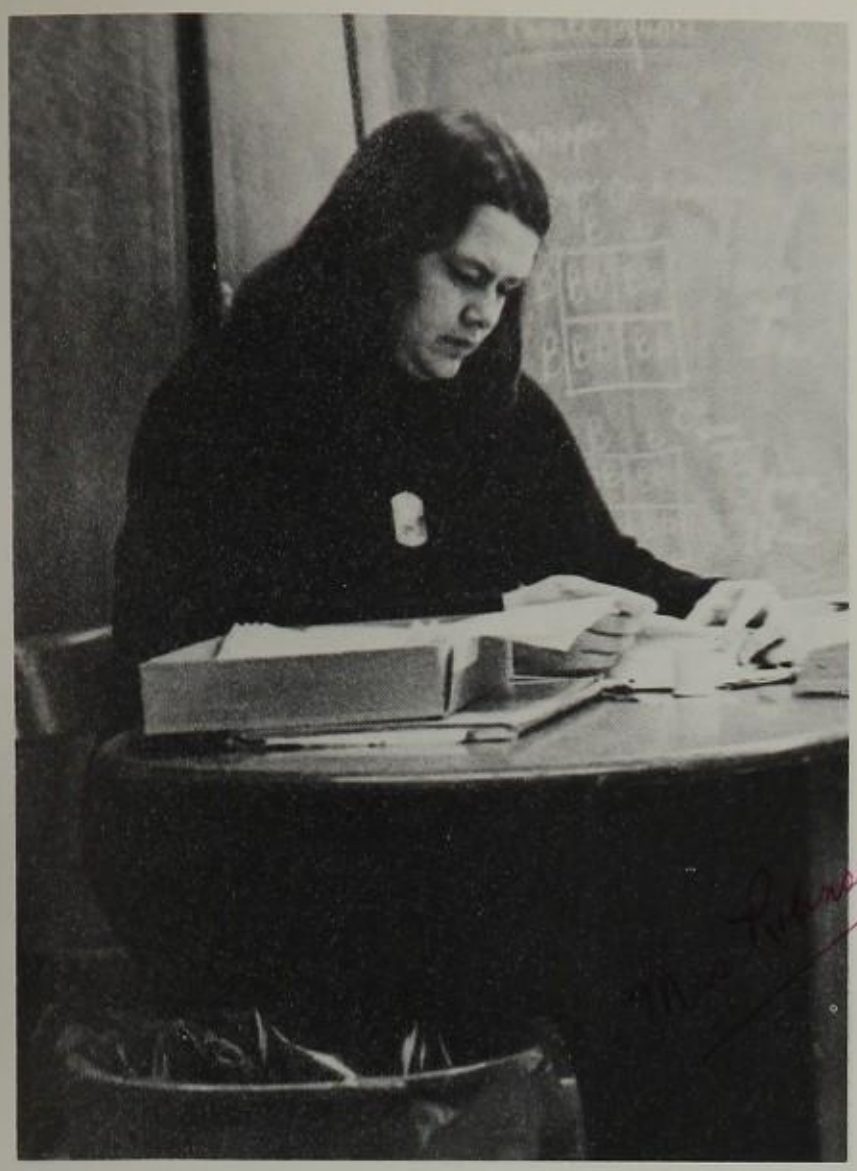
MUSIC

I Believe in Music

Mac Davis

The Music department has produced many fine instrumentalists and vocalists again this year. The teachers in this department put in a lot of extra time to prepare their classes for concerts and competitions. In addition to being competent, these teachers are also talented which is evident by all of the awards their groups have won throughout the years.



HUMAN DEVELOPMENT

"The Candy Man Makes Everything He Bakes Satisfying and Delicious . . ."

Sammy Davis Jr.

The Human Development Department is responsible for getting students prepared to live on their own. Some of the classes are Home Economics, Modern Fabrics and Independent Living. In these classes students actually apply what they learn by doing projects such as: sewing an outfit for themselves or planning and preparing a balanced meal. Girls and guys both benefit from these Human Development classes.

Mrs. Olivo

The physical fitness department concentrates on developing the student's bodies and teaching good sportsmanship. Although many of the activities done in gym are extremely exhausting, the student usually finds them relaxing. Gym is one hour of the day when they have a chance to release mental tension and have fun.
